

## PUM-PEOPLESOFT UPDATE MANAGER

### FOR YOUR INFORMATION

#### Compass Updates are Coming January 2018

##### What Do I Need to Know?

One of the driving forces behind the Compass 9.2 upgrade was to allow Emory to take advantage of PeopleSoft updates. The upgrade enabled Emory to move to a new lifecycle management called PeopleSoft Update Manager or PUM. This process will enable Emory to **avoid lengthy upgrade projects** by remaining current with smaller releases (PUMs). The Compass Team is happy to announce that we are preparing to undergo our first update.

##### What Do I Need to Do?

###### ***NOW***

###### **READ** Compass Listserv communications

- Stay informed on how the updates will impact you
- Stay up-to-date with progress of the updates

###### ***SOON***

###### **VISIT** our website:

- Review planned updates
- Keep current with the latest news & see listening tour updates
- (Later) Catch-up and review recordings of past Outreach Sessions

**LATER** (see PUM timeline below)

**ATTEND** Compass Outreach Sessions & UAT

- Topics that give more details about the updates to Compass
- Sessions will be provided in-person or online for convenience in October/November
- User Acceptance Testing (UAT) in mid-December to through mid-January
- Register on [ELMS](#)

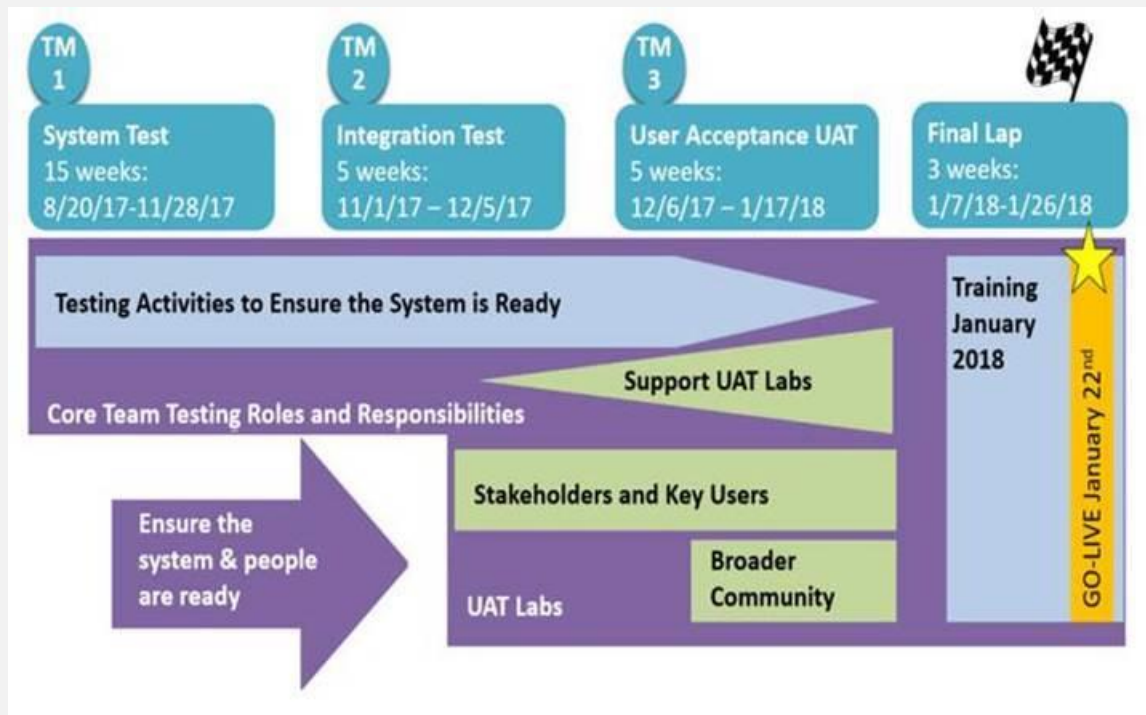

**GIVE FEEDBACK:**

- Participate in **ONLY** 1 or 2 surveys

More details about the PUM will be coming soon.

Thank you,
