What is PUM?

PeopleSoft Update Manager

Emory’s PeopleSoft financials system (known within the community as “Compass”) was upgraded in November, 2016.

This upgrade enabled Emory to move to the new lifecycle management for PeopleSoft.

Oracle’s PUM (PeopleSoft Update Manager) process will enable Emory to avoid lengthy upgrade projects by remaining current with smaller releases (PUMs).
**PUM vs Upgrade**

**PUM - PeopleSoft Update Manager - PUM**

**Upgrade**
- 8 years with only 1 upgrade
- High level of change
- Some Emory Custom Solutions

**PUM**
- Mini-Update
- Low level of change
- PeopleSoft delivered solutions that match Emory’s enhancement requests
Compass Enhancements

**PUM** is designated for *PeopleSoft delivered* functionality.

*Custom enhancements* will be addressed *after PUM.*

MODULE UPDATES
No significant changes will occur in Travel & Expense Center for Central or Campus Users.

Training team will focus on eLearning updates to address FAQ’s and Best Practices.
We are still in *discovery phase* of Accounts Payable.

PUM enhances *attachment capabilities* allowing multi-file uploads.

Most enhancement requests are *custom* and will be addressed *after PUM*. 
No significant changes will occur in GL and KK for Central or Campus Users.

Training team will use PUM to enhance eLearning and educate users on beneficial 9.2 tools such as Budget Pages.
WorkCenters

PeopleSoft has introduced a **new approach** to **WorkCenter Filters**.

**Filter settings** for a user will roll up to a “**scope**”.

Multiple scopes **eliminate** the need for users to continually **change** filter variable **settings**.

Some WorkCenters may be accessible within the **Fluid Navigation** others will be accessible in **Classic View**.
Grants

New **Grants Portal Search** capability for Campus users and Central

The ability to **search by contract number** within AR module

Central will enter **additional Contract ChartFields** which will appear in General Ledger

✓ **PCBU**
✓ **Activity Codes**
Training

Training will be determined based on the level of change.

• New Course Names & Numbers
• Course on Fluid
  • Short class and will be required
• Onboarding Document
Security All Users

After PUM, new **9.2 users** are required to submit an **Online Access Request** form for Compass Access.

**Exceptions** include:
- Travel & Expense
- Payment Request

Key Website Updates

Welcome to Compass 9.2
Compass is Emory’s enterprise-wide PeopleSoft Financials System. Emory has 2 Compass Systems:
1. Compass 9.2 Financials - where we do our work and enter transactions.
2. Compass 9.2 Reporting - where we run reports and look up data.

Additional Financial Systems
Emory Express is the University’s Procure to Pay System. It is where we buy goods and services and pay companies.
Emory Business Intelligence (EBI) is a data analysis and reporting tool which consists of the data warehouse and a business intelligence user application.

Job Aid Library
Looking for quick and easy guidance on completing Compass transactions? Job Aids are step-by-step instructions with screenshots to guide you through transactions. Job Aids are housed in a new tool called PDF-Flip that allows for easy viewing and navigation.
